	624			Grazed	Woodland, fences, hedges	View towards Laxton	Y	0	2	1	2	0	1	6			
	625	Assart Field		Arable	Woodland on 3 sides ditches on 4 sides hedge to S	Public footpath crosses it	Y	0	0	2	1	0	2	5			
FC-owned woodland areas																	
	511	St Mary's Wood (part of Wakerley Great Wood)		Plantation on Ancient Woodland, mainly conifer	Unbounded to N and W. Fences to E	Part of Local Wildlife Site, Jurassic Way alongside. Scartree Cycle Trail. Open Access land. Woodbanks, signed old limestone quarry	Y	1	1	1	3	3	3	12			
	512	Adams Wood (part of Wakerley Great Wood)		Plantation on Ancient Woodland, mainly conifer	Unbounded to N,E and W. Fenced to S	Part of Local Wildlife Site, Jurassic Way alongside. Scartree Cycle Trail. Open Access land. Woodbanks	Y	0	1	1	3	2	3	10			
	605	Caravan site		Caravan site	Fenced/ hedges	Rare plants, bats, Spotted Flycatcher	Y	4	1	1	3	0	2	11			

606	Community green and orchard	Partly mown grass, partly wild grassland, partly orchard	Partly wooden fencing, on W mature hedgerow with trees	Local Wildlife Site (species-rich neutral-calcareous meadow and ancient orchard). Sig trees. Used by community as open space & playground since 1950s. Adders, Slow Worms, wildflowers, Old orchard of former farmhouse. Significant local apple varieties, veteran trees, rich wildflower understory. Spotted Flycatcher. Important mosses and lichens	Y	5	2	2	3	3	4	19			
626	Top Lodge children's playground, carparks and gardens	Visitor facility	Wooden fences and hedges.	Public access, sometimes closed at night. Includes children's playground, sensory garden, car and coach parks. Significant ancient ash tree. Former farm buildings and cottages. Bats, flowers	Y	5	1	1	3	2	2	14			
627	Far Markham's Wood	Ancient semi-natural woodland with marked visitor trails	Bounded on W side by stream and a forest ride to the east	Full open access under CROW act. Includes children's play area and Danish shelters. Bluebells, a pond, significant trees. Some remnant wood banks. Badger setts, otters. Extreme wildlife richness with many important records of flora and fauna	N	3	3	2	3	2	5	18			
628	Deer Lawn	Managed forest clearing,	Bounded by closed canopy woodland areas	Full open access under CROW act. Includes wildlife hide. Ponds. Bats, adders, and other reptiles. High wildlife richness with many important records of flora and fauna	Y	3	3	3	3	0	5	17			
629	Dumb Bob Spinney, Dales Wood, The Gullet, Peters Nook, Cunnington's and Long Spinney	Ancient semi-natural woodland with marked visitor trails	Bounded to N, E and S by marked visitor trails. To W by grassy ride	Large and almost undisturbed tract consisting of a mosaic of different woodland habitats. Full open access under CROW act. Some remnant ridge and furrow, wood banks etc. Bats, badgers, birds, reptiles. Extreme wildlife richness with many important records of	Y	2	3	3	3	2	5	18			
630	Old Sale	Plantation on Ancient Woodland	Bounded on 4 sides by marked visitor trails, with another marked trail and grassy rides crossing it, Extends east to bridleway and west to railway line	Mosaic of different woodland habitats. Full open access under CROW act. Bats, birds, reptiles. Good wildlife richness	N	3	2	2	3	1	4	15			

631	North Spinney	Ancient semi-natural woodland with marked visitor trails	Bounded to N by fields, to E by wayleave, to S by parish boundary, to W by bridleway (Jurassic way)	Closed canopy woodland mainly semi-natural. Full open access under CROW act. Swallow holes or quarry workings of ancient origin, some rishe and furrow, some wood banks. Dormice, birds, bats, badgers. Good wildlife richness with important records of flora and fauna	N	1	2	3	3	3	5	17			
632	The Assarts	Plantation on previous farmland crossed by wayleaves, one very broad	Bounded to NW, N and E by fields, SW by wayleave	Closed canopy plantation woodland with important grassy areas. Full open access under CROW act. Ponds, ruins of former farm and farm reservoir, ponds. Birds, bats, badgers other wildlife less well recorded than other parts of woodland area	N	1	2	3	3	3	5	17			
633	Mill Wood	Plantation on Ancient Woodland and disused railway line	Bounded to N, W by fields, marked forest trail to east, parish boundary to south	Mainly closed canopy plantation woodland. Full open access under CROW Act . Much informal use by off-road cyclists. Deep former railway cutting (Local Wildlife Site) provides unusual habitat. Interesting remains of railway structures Birds, bats, reptiles. Good wildlife richness with important records of fauna and flora	N	2	2	3	3	3	5	18
